

TECHNICAL SPECIFICATION OF CENTRAL CONTROL UNIT FOR DIGITAL CONFERENCE SYSTEM

1. **Name of the Equipment.** : Digital Conference Control Unit
2. **Purpose.** : This Digital Conference Control Unit is to be used in various occasions to meeting.
3. **Brand** : BOSCH
4. **Model** : CCS-CUR
5. **Type** : Digital Discussion System
6. **Country of Origin** : Germany/China
7. **Manufacturing Country** : Germany/China
8. **Year of Manufacture** : 2022 or later.
9. **Quantity** : 01 (One).
10. **Warranty** : 01 Year (Date of acceptance)
11. **Site Visit & Installation** : Supplier may visit the conference room at NHQ & installation conference system.
12. **Technical Specification with Details.** Specifications of the main items are as follows:

Particulars	Description
Mains voltage	100 to 240 VAC \pm 10 %
Current consumption	maximum 0.9 A (100 VAC) to 0.3 A (240 VAC)
DC supply to contribution units	24 V \pm 1 V (current limited)
Loudspeaker volume contro	mute (50 dB att.) + 10 steps of 1.9 dB
Limiter threshold level to unit	10 dB above nominal level loudspeaker / headphone
Gain reduction due to number of open microphones (NOM)	\div NOM \pm 1 dB
Max. input (110 dB SPL)	< 0.5
Dimensions including feet (H x W x D)	84 x 361 x 143 mm (3.4 x 14.2 x 5.6 in)
Mounting	tabletop (portable or fixed) 19-inch rack flush mounting
Weight	1.5 kg (3.3 lb)
Material (base)	painted metal
Maximum Control	150 units
Colour (base)	black (PH80007)
Supply	Item Will be Supplied As Per Sample
